

### Product Summary

BTNS are offering a range of networking accessories to help install professional cabling systems. The BTNS Cable Tidy Panel enables the neat routing of cables within a 19" rack. These Cable Management Panels are designed to give extra support for patch leads and prevents obscuring other equipment, while delivering a professional finish. The BTNS Cable Stripper is the ideal way of stripping data cables. Its fully encapsulated blades ensure a precisely controlled and constant cutting depth. The BTNS Punch down tool is perfect when terminating the back of any BTNS RJ45 Patch Panels or Module. The universal BTNS crimp tool works with both RJ45 and RJ12 plugs. Also stocking BTNS RJ45 plugs which are suitable for terminations on both Stranded Patch and Solid core cable. Alternatively, combine all the essential on site tools in the BTNS installation kit to get your structured network up and working with ease. The kit includes: 1 x either 100m or 500m reel of Cat5e, Cat6 or Cat6a Solid LSOH Shielded Cable (price will vary), 1 x IDC Punchdown Tool, 1 x Cable Stripper, 1 x Continuity Tester, 1 x Cable ties (2.5mm x 100mm pk100).

### Features & Benefits

- Install structured cabling systems with ease
- Install equipment to a professional standard

Part no	Description
90-1000-120-0	BTNS 1U 4 Ring Cable Tidy
